

BRASSELER USA[®] SURGICAL INSTRUMENTATION

12 INCH STEINMANN PIN

Brasseler USA Surgical Instrumentation is pleased to add the new 12" Steinmann Pin to our Zimmer[®] Biomet[®] Orthopaedic Accessories line with the ZB27-362093. This replacement 12" Steinmann Pin is compatible with the Biomet[®] Retrograde Femoral Nail System.

The 12" Steinmann Pin is an implantable surgical cylindrical elongated steel pin of heavy gauge with a pointed end used as a guide wire to position and draw fracture bone(s) together to facilitate internal fixation.

► COMPATIBLE WITH BIOMET[®] RETROGRADE FEMORAL NAIL SYSTEM
